## EDUCATION

### Wayne County Community College District (WCCCD)

Detroit, MI

Associate in Applied Science, Cybersecurity

Aug 2023 – Jun 2025

- Dean's List All Semesters
- Member of Phi Theta Kappa Honor Society

### Eastern Michigan University

Ypsilanti, MI

Bachelor of Science, Cybersecurity

Aug 2025 – Present

- In Progress

## EXPERIENCE

### Developer/Designer/Project Manager

Aug 2024 – Present

Apple Developer Academy

Detroit, Michigan

- Developed and shipped one app to the App Store and several to TestFlight, showcasing proficiency in the full app development life cycle.
- Collaborated effectively in diverse teams and directly with clients to serve their needs throughout the entire process.
- Managed the end-to-end development process, including user stories, style guides, and technical documentation.

### Self-Employed Swift Tutor

Feb 2025 – Present

Freelance

Remote

- Provided one-on-one tutoring services to clients, reinforcing fundamental and advanced Swift programming concepts.

## PROJECTS

### DeadBet: Gambling Recovery App

- Developed and shipped DeadBet, a mobile application to the App Store, in a team of 5 to help individuals recover from gambling addiction.
- Achieved 5 star reviews on App Store for its intuitive design and supportive features.

### Tonyz Grills: A Scalable Restaurant Ordering App

- Architected a mobile food ordering application focusing on a scalable, API-driven backend for real-time menu and order management.
- Implemented core design patterns including Protocol-Oriented Programming (POP), Object-Oriented Programming (OOP), and the Model-View-ViewModel (MVVM) pattern to ensure a clean separation of concerns.
- Utilized Dependency Injection to create a testable and maintainable codebase, reducing coupling and improving code reusability.
- Designed and consumed various APIs to handle user authentication, order processing, and payment integration, while working with a large-scale codebase.

**Note: This application is currently in progress. Code is available upon request.**

## SKILLS

**iOS Development:** SwiftUI, Xcode, Swift Data, Swift Package Manager, GitHub, App Store Connect, User Interface Design

**Cybersecurity/IT:** Networking, Ethical Hacking, Linux, Virtualization, TCP/IP, DNS, DHCP
